

**THE BY-LAWS OF THE
"THE EQUATIONERS"**

OF

CEBU TECHNOLOGICAL UNIVERSITY ARGAO CAMPUS

ADOPTED BY THE GENERAL ASSEMBLY

ON THE 1st DAY OF OCTOBER 2021

VIA ZOOM MEETING

PREAMBLE

We, the "The Equationers", pleading the aid of the Almighty God, believing to develop a sense responsibility shall help promote social and moral obligations to the community, implement and maintain the goals and aspirations of the youth as future leaders do hereby promulgate and adopt this by- laws.

ARTICLE I

NAME AND DOMICILE

Section 1. This instrument shall be known as the By-Laws of the "The Equationers" of Cebu Technological University - Argao Campus.

Section 2. This organization shall be called as "The Equationers" of Cebu Technological University - Argao Campus and maybe referred to as "The Equationers" of CTU.

ARTICLE II

DECLARATION OF PRINCIPLES, PURPOSE AND OBJECTIVES

Section 1. The CTU- "The Equationers" shall be an independent governing body of CTU- Argao Campus.

Section 2. The "The Equationers" organization is founded in the following objectives;

- a. To develop character, personal discipline, love of country, scientific, technological and vocational efficiency and teach duties of citizenship;
- b. To train members for positive leadership in scientific, technical and vocational endeavor,

- c. To create a wholesome atmosphere for instruction, research and extension services among the members;
- d. To initiate and support projects which could make use of the organization funds to improve the delivery of instruction, research and extension activities; and
- e. To coordinate with other organizations and agencies in accomplishing the above objectives.

Section 3. In realization of its objectives, the members of the "The Equationers" shall be committed to:

- a. The rule of the bylaws.
- b. The consultative, cooperative and democratic attitude.
- c. The youth service above self, and;
- d. The total development of the youth.

Section 4. The "The Equationers" must at all times support the Engineering undertakings and activities congruent to the objectives of the organization.

Section 5. The "The Equationers" shall promote to protect the interest, rights, welfare of the students.

Section 6. The "The Equationers" shall empower and influence the students to actively take part in school and community activities.

Section 7. The "The Equationers" shall promote camaraderie among the different student councils and organizations of the CTU- Argao campus.

Section 8. The "The Equationers" shall be at the forefront of the student's rights and welfare, and shall be the model of the student's excellence, ground on good character and deep sense of moral values.

ARTICLE III

MEMBERSHIP AND FEE

Section 1. All bonafide students in the Industrial Engineering Department of CTU- Argao Campus are eligible to become a member of the "The Equationers".

Section 2. Membership of Two hundred pesos (PHP 200.00) shall be collected from every enrollee upon enrollment for the first semester and an additional the same exact amount for the second semester.

Section 2.1. "The Equationers", through the President and Treasurer will collect the said amount upon the first week after the start of the semester. The collection shall be deposited in the name of the "The Equationers" of CTU- Argao Campus subject to

accounting and auditing rules and regulations. The collected membership fees will be deposited as funds of the "The Equationers".

Section 2. It shall comprise of the "The Equationers" Officers, Class Officers and the students of the Industrial Engineering Department recognized and registered at the Office of the Registrar.

ARTICLE XVII

LOGO

Elements:

Blue – denotes authority, trust, and confidence. It also associated with freedom, intuition, imagination, inspiration, and sensitivity in which an engineer should possessed.

Yellow – if associated with construction. It is easy to see even in challenging condition.

White – symbolizes softness and cleanliness because even though engineers are often viewed as serious and intimidating, they also possess these kinds of characters.

System Symbol – as an Industrial Engineering, it requires an organization of ideas and innovations to be shared to everyone.

Yello Hard Hat – represents a thinking that you looked at issues in the most positive light possible.
