The new logo of the Supreme Student Government

The Supreme Student Government (SSG) of Cebu Technological University – Argao Campus has a mission to protect and defend the rights and responsibilities of students. At the same time, it aims to serve as a guiding light and promote unity and cooperation among the university community.

To represent this mission, the SSG has a logo that features a shield with a torch in the center. The torch symbolizes the pursuit of knowledge, enlightenment, and leadership, while the shield represents protection and defense. This signifies the SSG's commitment to promoting a culture of collaboration and togetherness among all university community members.

The logo communicates the SSG's commitment to empowering and advocating for students while promoting a learning, leadership, and collaboration culture. Through its various initiatives and programs, the SSG ensures students can access the resources they need to succeed and thrive academically and personally.

Our new logo for the Supreme Student Government of CTU Argao Campus features a color scheme consisting of dark red, pastel yellow, and gold. Each color holds significant meaning that reflects the values and qualities that our organization embodies.

Dark red represents the strength, power, passion, and determination of our leadership. We want to convey a message that our leaders are strong, confident, and assertive in making bold decisions that drive our organization towards success.

Gold represents our ambition, success, and aspiration for greatness. We want to inspire our members to achieve their goals and reach new heights of success through hard work and dedication. We believe that the use of gold in our logo reflects our commitment to excellence and our desire to set a high standard for our organization.

Overall, the combination of these three colors in our new logo conveys a powerful message about our organization's values and qualities. We hope that our logo inspires and motivates our members to strive for excellence in everything they do, and we look forward to achieving great things together as a team.

In addition to the shield and torch, the SSG's logo features a hand holding the light, symbolizing the torch that gives light to the student council's mission. There is also a face beside the light in the logo that represents the leader of the SSG, who is responsible for guiding and directing the student council. Furthermore, there is a symbol of justice included in the logo to signify the SSG's dedication to protecting the rights of the students. The leaf and star in the logo also hold significant meaning.

The leaf symbolizes growth and development, which reflects the SSG's commitment to supporting students in their academic and personal growth. The star represents excellence, signifying the SSG's goal of encouraging students to strive for their best and achieve their full potential.

In summary, the SSG's logo is a comprehensive representation of the student council's mission and values. It showcases their dedication to protecting the rights of the students, fostering a culture of learning, leadership, and collaboration, and supporting students in their growth and development. The inclusion of the hand holding the light, face, symbol of justice, leaf, and star adds further depth and meaning to the logo, emphasizing the SSG's commitment to excellence and leadership.
