1. Getting Started (ADMIN)

- The **Utilization Rate Chart** provides a **visual representation** of the budget spent versus the remaining budget.
- If a project is **underutilized**, a red **“Budget Underutilized”** label appears.
- The system automatically calculates the **Utilization Rate (%)** based on the total budget vs. expenses.
- The **Remaining Balance** reflects the unused portion of the budget.
- Users can track how efficiently funds are allocated and spent in real-time.

2. Login

1. Enter User ID
2. Input your password
3. Click the eye icon to show/hide password if needed.
4. Verification Complete the Cloudflare verification for security.
5. Click “Login to Kwentas Klaras” to access your account.

A Confirm Cancel B

- Review project details:
 - PPA (Project Title)
 - Implementing Unit
 - Location
 - Appropriation (budget)
 - Start Date & End Date
 - Remarks
 - Project Code
 - Services & Year
- A. If all details are correct → Click Confirm
- B. If changes are needed → Click Cancel to go back

6. Continuing Projects

Definition: Projects that were started in a previous year or cycle and are still ongoing.

Purpose: Helps track projects that are not yet finished but are carried over into the present.

Project List – Displays:

- PPA (Project Title)
- Implementing Unit
- Code
- Remarks
- Additional Notes
- Action buttons (if available)

If no projects are available → Message “**No projects found.**” will be shown

A. Sort by – Filter projects based on criteria

B. Search – Look up a specific project

C. Back – Return to the previous page

D. Use navigation buttons (First, Previous, Next, Last) if multiple pages exist

The screenshot shows the 'Continuing Projects' interface. At the top left is the title 'Continuing Projects'. To its right is a 'Sort by' dropdown menu (labeled A) and a search bar with the placeholder text 'Search Continuing Projects...' and a green 'Search' button (labeled B). Below these is a table with the following columns: PPA, Implementing Unit, Code, Remarks, Add, and Action. The table contains three rows of project data. Each row has an 'Update' button (green) and a 'Delete' button (red) in the Action column. At the bottom of the table is a pagination bar with buttons: « First, Previous, Page 1 of 2, Next, Last ». To the right of the pagination bar is a blue 'Back' button (labeled C). A bracket labeled D spans the pagination buttons.

PPA	Implementing Unit	Code	Remarks	Add	Action
Maxime enim ad corru	BAC Office	Dignissimos commod	No PPMP/APP/POW	Project needs to be Awarded	<button>Update</button> <button>Delete</button>
Eius vel id eos la	Mayor's Office	Quae debitis labore	No PPMP/APP/POW	Project needs to be Awarded	<button>Update</button> <button>Delete</button>
Road concreting and line ditch construction at sitio trangka, lower becerril 2024	Engineering Office	1-07-03-010-5	No PPMP/APP/POW	Project needs to be Awarded	<button>Update</button> <button>Delete</button>

7. Current Projects

Definition: Projects that are newly started or approved for the present cycle/year.

Purpose: Displays projects that are actively being worked on in the current budget or planning period.

- **Project List** – Displays:
 - **PPA (Project Title)**
 - **Implementing Unit**
 - **Code**
 - **Remarks**
 - **Additional Notes**

Actions

- A. Update** – Edit project details
- B. Delete** – Remove project from the list
- C. Back** – Return to the previous page
- D.** Use navigation buttons (**First**, **Previous**, **Next**, **Last**) to browse multiple pages of project

The screenshot shows the 'Current Projects' interface. At the top left is the title 'Current Projects'. To its right are a 'Sort by' dropdown menu (labeled A) and a search bar with a 'Search' button (labeled B). Below these is a table with the following columns: PPA, Implementing Unit, Code, Remarks, Add, and Action. The table contains three project entries. Each entry has a row of buttons in the 'Add' column (Obligation, Budget) and a row of buttons in the 'Action' column (Update, Delete). At the bottom of the table is a pagination bar with buttons: « First, Previous, Page 1 of 1, Next, Last ». A 'Back' button (labeled C) is located to the right of the pagination bar. A bracket (labeled D) spans the pagination buttons.

The **Update Project** form is used to modify the details of an existing project. Users can update information such as project title, location, implementing unit, start and end dates, and remarks. Once updates are complete, the user can save the changes or exit without saving.

1. **PPA (Program/Project/Activity)**
 - Enter or edit the project name.
 - Example: *Road Widening Project Ph.*
2. **Location**
 - Specify the project site.
3. **Start Date**
 - Select the date when the project begins using the calendar picker
4. **Code**
 - Enter the project's unique identification code.
5. **Year**
 - Indicates the project year.
6. **Implementing Unit**
 - Select the department or office responsible for executing the project.
7. **Remarks**
 - Additional notes or classifications about the project.
8. **End Date**
 - Select the expected project completion date.
9. **Services**
 - Choose the type of service category related to the project.

A. Update - Click when you already fill out details you want to update.

B. Cancel - Click this if you want to cancel

7.4 ADD BUDGET

This form is for **adding a project budget**, which means you're recording money that will be allocated or added to your project.

Steps:

1. Click Budget button
2. Enter **Budget Name** (e.g., Materials, Labor).
3. Select **Date** (budget approval/added date).
4. Input **Added Budget** amount.
5. Submit – Save the budget details into the system.
6. Exit – Cancel the process **and return to the previous page**.

Example:

- Budget Name: Equipment Rental
- Date: 09/28/2025
- Added Budget: 50,000

8. Procurements

The *Procurements* module allows users to view, search, and manage procurement projects within the system. Each procurement entry provides details such as the project name, implementing unit, project code, remarks, and available actions.

8.1 Updating a Procurement

1. To update a procurement, click the green "Update" button in the "Action" column for the corresponding item.
 - This will open a new dialog box where you can edit the "Remarks" field.
2. After making your changes, click the blue "Update" button to save them.
3. If you do not want to save the changes, click the red "Exit" button.

9. Disbursement

Disbursement means the actual release or payment of money from a budget or fund.

- The main screen displays a list of projects and their disbursement status in a table.
- The table includes the following columns:
 - PPA: The name of the project.
 - Total Disbursed: The total amount of funds that have been disbursed for the project.
 - Balance: The remaining balance of the project's funds.
 - Add: This column shows the status regarding adding new disbursements. The message "Project needs to be Awarded" indicates that you cannot add disbursements until the project is officially awarded.
- 1. Click the "DISBURSE" button for the project you want to disburse.

Steps:

1. Voucher Number → Enter the official voucher reference (e.g., **DV-2025-0012**).
2. Purpose → State the reason for payment (e.g., *Payment for construction materials*).
3. Date → Select the payment date (e.g., **09/28/2025**).
4. Disbursement Amount → Enter the amount paid (e.g., **70,000**).
5. Click Submit to save
6. Click Exit to cancel.

10. Check Payment

The main screen shows a table of projects and their payment status.

- PPA: The name of the project.
- Remaining Obligations: The amount of money still owed for the project. In the example, it shows ₱0.
- Total Obligation: The total amount of money that has been obligated for the project. In the example, it also shows ₱0.
- Add: This column indicates the status for adding a new payment. The message "Project needs to be Awarded" tells you that payments can't be added until the project has been officially awarded.

Project List

○ The table displays important payment details for each project:

- **PPA** – Project Title
- **Remaining Obligations** – The unpaid amount left for the project
- **Total Obligation** – The overall project financial obligation

- Click the "Check" button of the project you want to check payment
- Click a PPA and we can see the detailed information about a specific project.

11. Obligation

- The main screen displays a table of projects and their financial obligations.
- Each row represents a single obligation and includes the following information:
 - PPA: The name of the project.
 - Implementing Unit: The department or office responsible for the project.
 - Code: A unique identifier for the obligation.
 - Year: The year the obligation was created.
 - Total Disbursed: The total amount of funds that have been disbursed for this obligation.
 - Balance: The remaining balance of the obligated funds.

- A. To search for a specific obligation, type a keyword into the "Search Obligations..." bar.
- B. To sort the list, click the dropdown menu next to "Sort by."
- C. Click the green Search button to apply your search or sort criteria.

The screenshot shows the 'Obligations' screen. At the top, there is a header 'Obligations' followed by a 'Sort by' dropdown menu (labeled B) and a 'Search Obligations...' input field (labeled A). To the right of the input field is a green 'Search' button (labeled C). Below the header is a table with the following columns: PPA, Implementing Unit, Code, Year, Total Disbursed, and Balance. The table contains five rows of data. At the bottom of the table, there are pagination controls: '« First', 'Previous', 'Page 1 of 2', 'Next', and 'Last »'. A blue 'Back' button is located at the bottom right of the screen.

PPA	Implementing Unit	Code	Year	Total Disbursed	Balance
Maxime enim ad corru	BAC Office	Dignissimos commodo	1988	P0	P0

Road concreting at Patrocinio St. Poblacion	Tourism Office	2222	General	☐
Road Widening Project Phase 1	Tourism Office	1234567	Social	☐

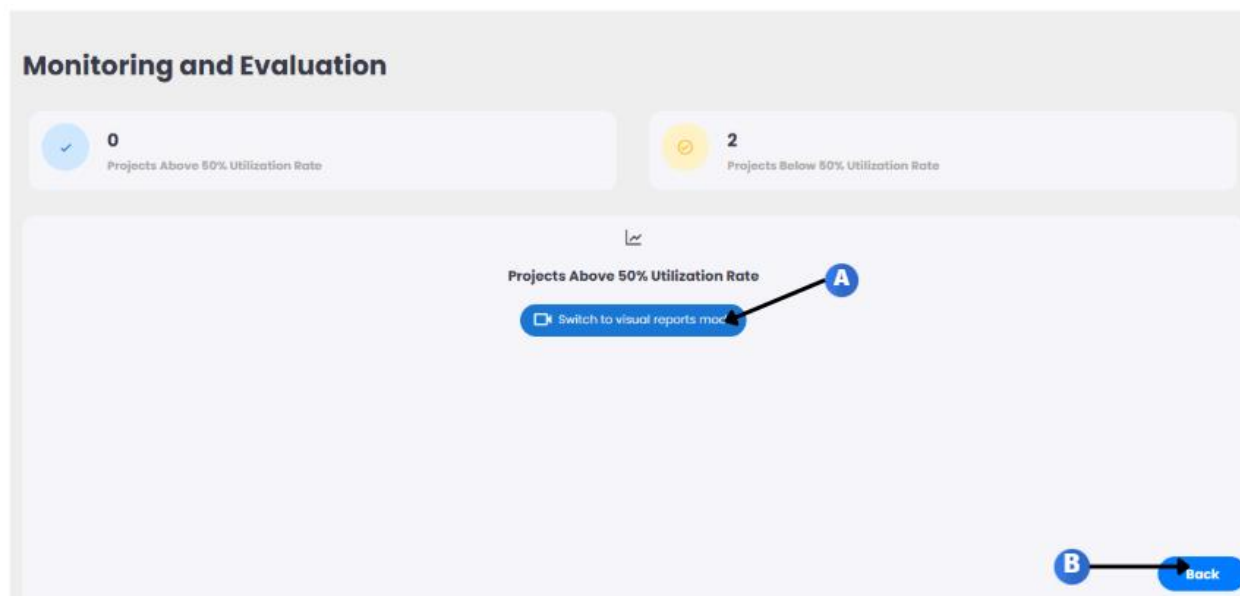

« First Previous Page 1 of 1 Next Last » Back

- Clicking either option will open a pop-up window, allowing you to open or save the generated report file (e.g., **Projects Report (2).xlsx**).

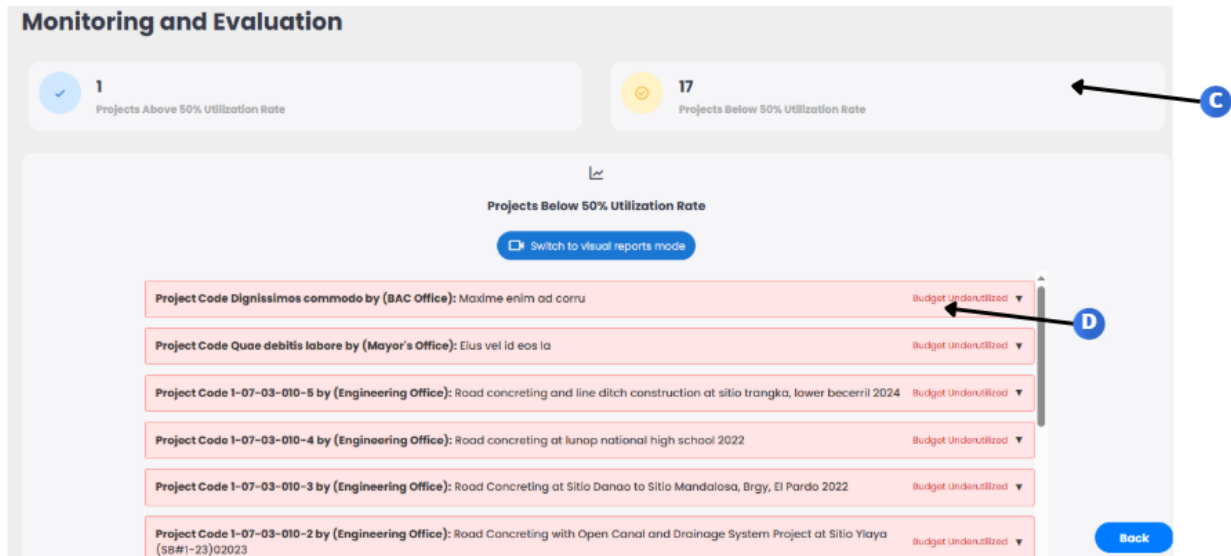

13. Monitoring and Evaluation

- Utilization Rate Summary:** At the top of the screen, you'll see a quick summary:
 - Projects Above 50% Utilization Rate:** This box shows the number of projects that have used more than half of their budget.
 - Projects Below 50% Utilization Rate:** This box highlights projects that have used less than half of their budget, potentially indicating a slow start or underutilization.
- A. **Visual Reports Mode:** You can switch between a simple data view and a visual one by clicking the "**Switch to visual reports mode**" button. This likely shows charts or graphs for a more intuitive understanding of the data.
- B. Click the blue **Back** button to return to the previous screen.

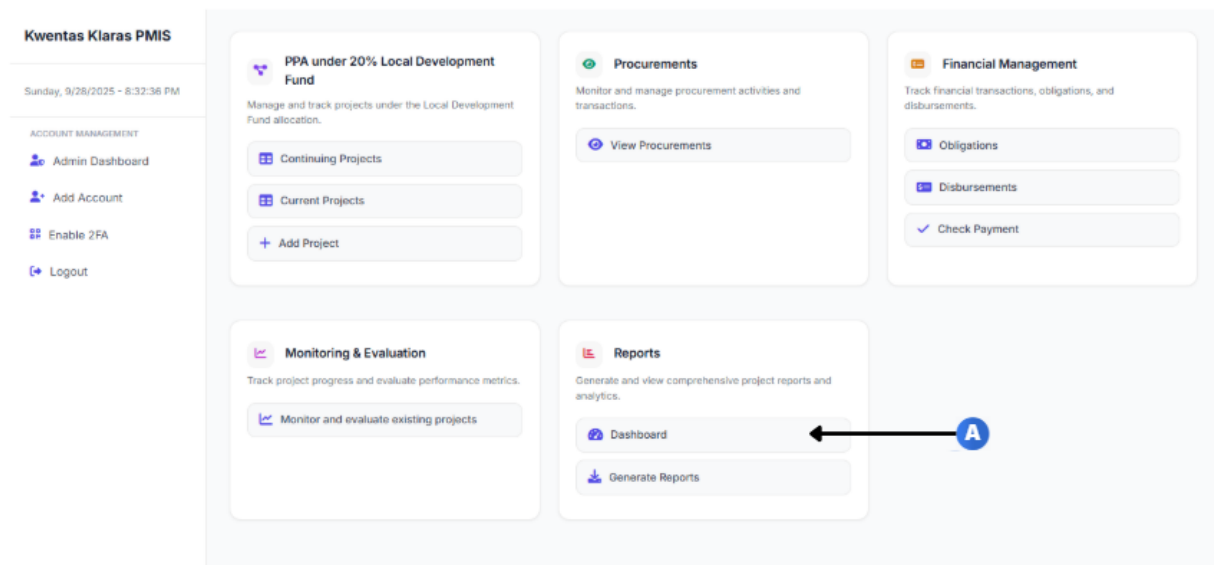

- C. To show the Projects Below 50% Utilization Rate, click "Projects Below 50% Utilization Rate" Button.
- D. To show the details of a specific project, click the specific project you want to view.

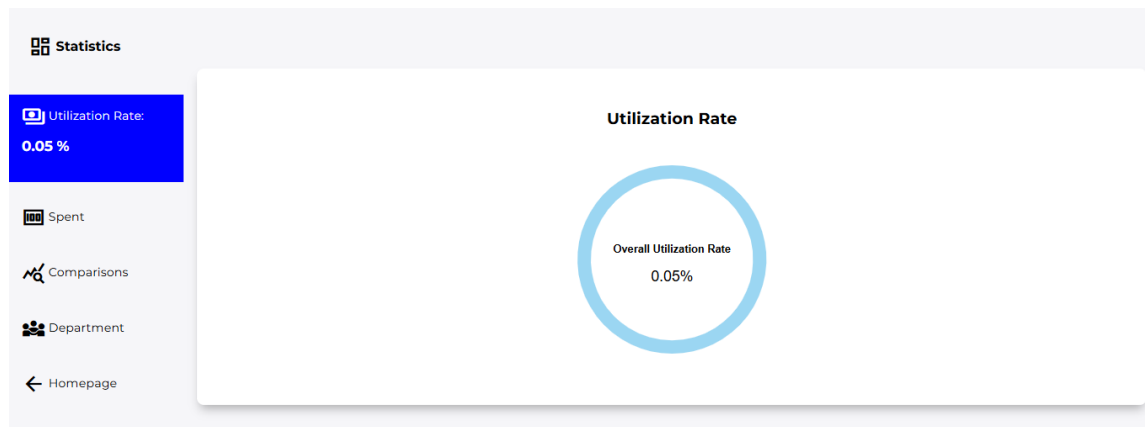

14. Dashboard

A. To Open Dashboard , click “Dashboard” in the Homepage.

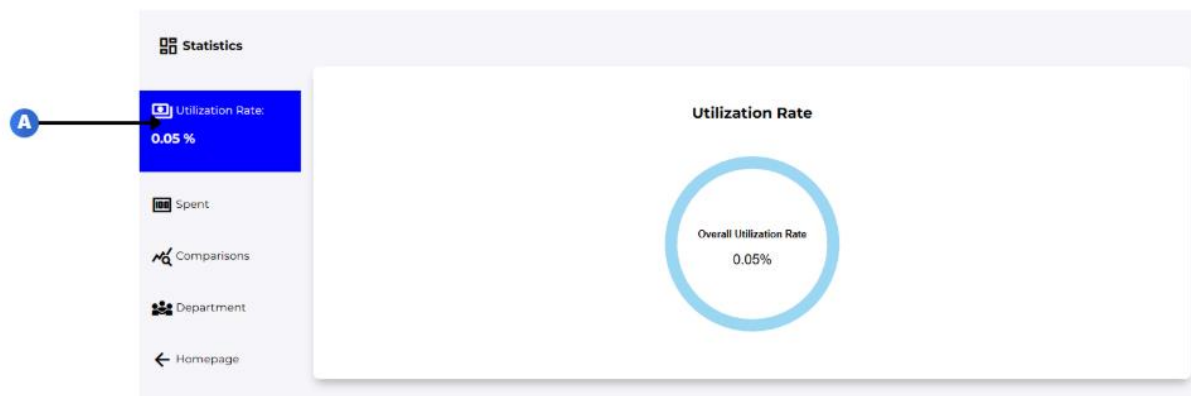

After opening dashboard, it will look like this:

A. To show the Utilization Rate, Click “**Utilization Rate**”

Utilization Rate Display

- **Overall Utilization Rate** – Shown inside a circular chart/indicator.
- The percentage reflects the actual progress or spending utilization across projects.

B. To Displays project spending over months, click “**Spent**”

Spent Page Content

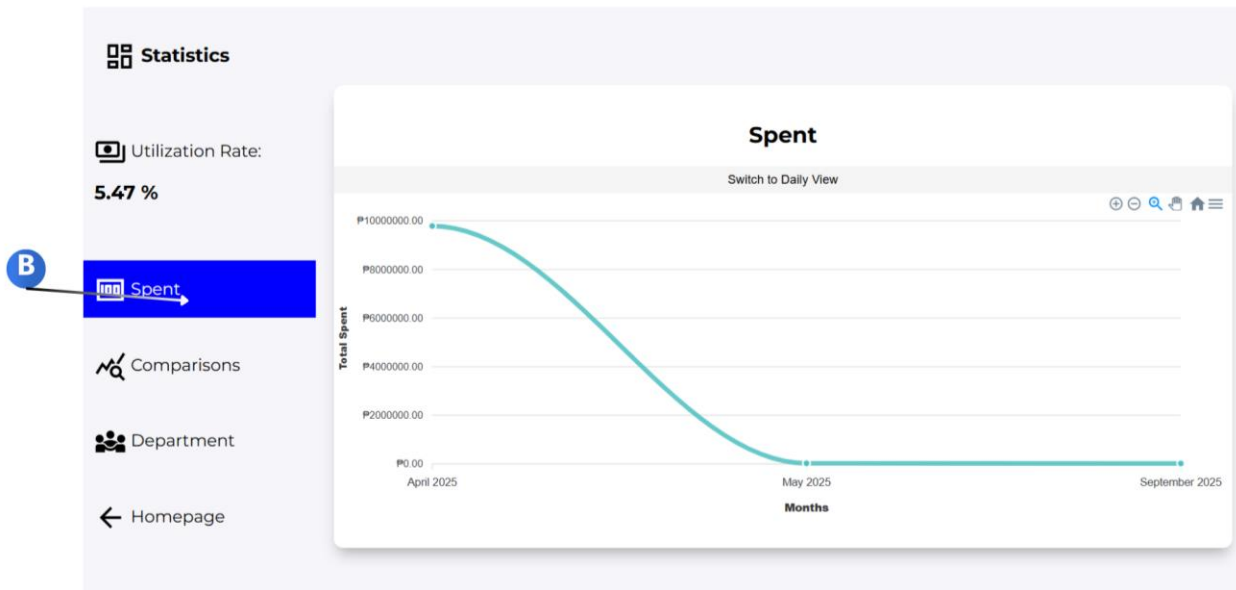

- **Graph/Table View** – Displays project spending over months.
- **Switch to Daily View** – Toggle between monthly and daily breakdown of spending.

Y-Axis (Vertical)

- Shows amount spent in Philippine Peso (₱).

X-Axis (Horizontal)

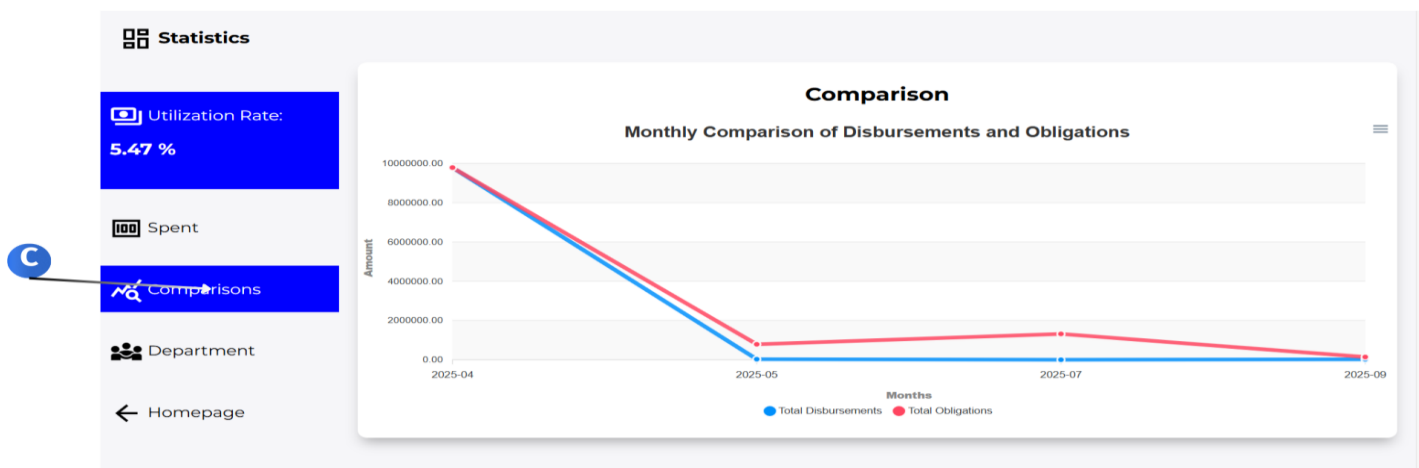

- Shows timeline in **Months**

- C. To show the primary display area shows the Monthly Comparison of Disbursements and Obligations. Click **"Comparisons"**.

This page is designed to help you analyze and compare financial data over time. The main graph visualizes two key metrics: **Disbursements** and **Obligations**.

- **Graph/Table View** – The primary display area shows the **"Monthly Comparison of Disbursements and Obligations."**
- **Y-Axis (Vertical)** – Displays the **Amount** of money in a financial unit. This represents the total value for each data point.
- **X-Axis (Horizontal)** – Represents the **timeline** in months, allowing for a clear visual comparison of how each metric changes over the year.

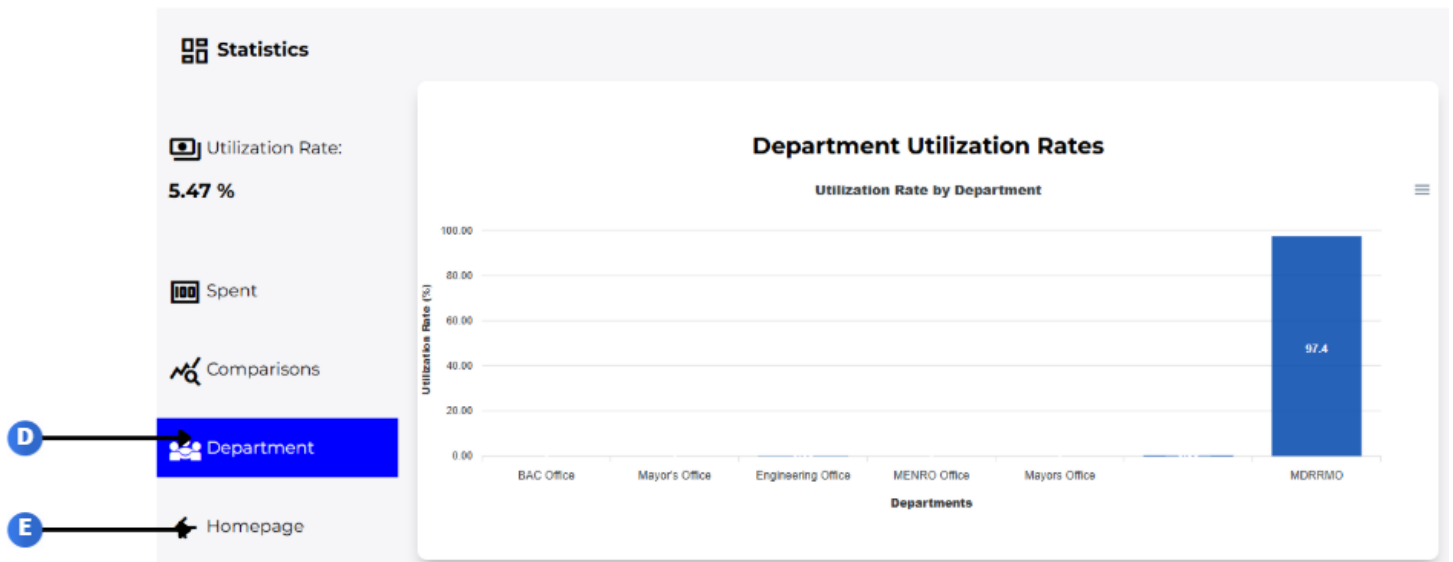

D. To show the percentage of resource utilization per department, click **“Department”**.

- Y-Axis: Utilization Rate (%)
- X-Axis: Departments (e.g., Tourism Office)
- Bars/Points: Represent each department’s utilization rate
- Menu (top-right): Export or adjust chart view (if enabled)

Usage

1. Check the bar height to see a department’s utilization rate.
2. Compare departments to identify high or low utilization.
3. Use the menu to export/download the chart if needed.

E. To go back to the homepage, click **“Homepage”**.

19. Create Admin Account

This page is used to register a new administrator account for the Kwentas Klaras Project Management Information System.

Steps:

1. Enter Account Username – unique system login name.
2. Enter Full Name – administrator’s complete name.
3. Enter Employee Email – official government email (e.g., @boljoon.gov.ph).
4. Select Department – choose the department you belong to.
5. Set Password – create a strong password.
6. Confirm Password – re-enter the password to verify.
7. Request OTP Code – click Send Code, check your email, and enter the 6-digit OTP.

- a. Check users email to get the otp.
 - b. Paste OTP
 - c. Click send code.
8. Click Create Account – to finalize registration.
9. Click Cancel – to stop and return to the previous page.

20. Admin Dashboard

The Admin Panel allows system administrators to manage users, groups, and track system events.

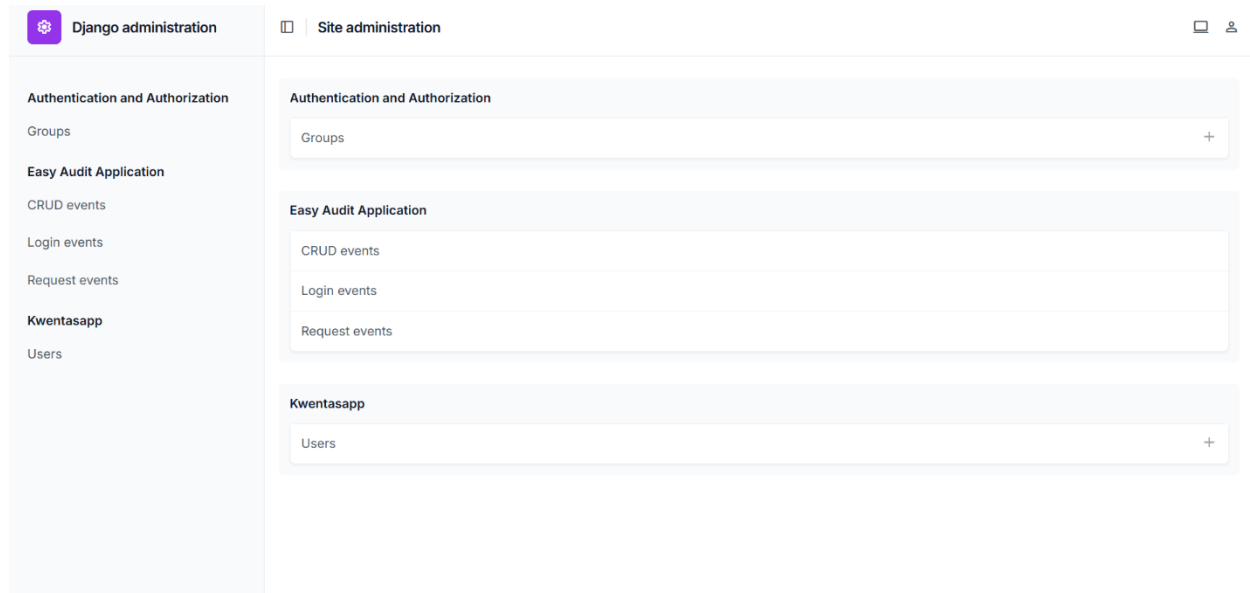

Main Sections

1. Authentication and Authorization
 - Groups – Manage user groups and their permissions.
2. Easy Audit Application
 - CRUD Events – Track Create, Read, Update, Delete actions.
 - Login Events – Monitor user login activities.
 - Request Events – View system requests for auditing.
3. Kwentasapp
 - Users – Manage Kwentas Klaras system users (add, edit, or remove accounts).

4. Recent Actions (Right Panel)
 - Displays the latest activities performed in the admin panel.

How to Use

1. Log in with your admin account.
2. Select a section (e.g., Users, Groups, CRUD events) from the left sidebar.
3. Perform management tasks (add, edit, delete, view logs).
4. Check Recent Actions for quick tracking of latest updates.

USER

1. Getting Started

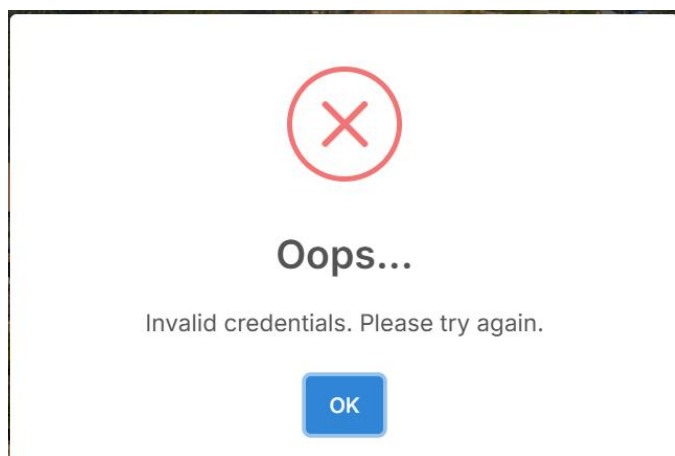

1.1 Accessing the Website

- The **Utilization Rate Chart** provides a **visual representation** of the budget spent versus the remaining budget.
- If a project is **underutilized**, a red “**Budget Underutilized**” label appears.
- The system automatically calculates the **Utilization Rate (%)** based on the total budget vs. expenses.
- The **Remaining Balance** reflects the unused portion of the budget.
- Users can track how efficiently funds are allocated and spent in real-time.

2.1 Login

1. Enter Username
2. Input your password
3. Click the eye icon to show/hide password if needed.
4. Verification Complete the Cloudflare verification for security.
5. Click “Login to Kwentas Klaras” to access your account.

The login interface for Kwentas Klaras. At the top is the Municipality of Boljoon logo and the text 'Welcome Back' and 'Sign in to access your account'. Below are three input fields: 'User ID' (labeled 1), 'Password' (labeled 2), and 'Verification' (labeled 3). A 'Forgot password?' link is next to the password field. A green checkmark icon and the word 'Success!' are shown below the verification field, with a blue circle labeled 4 next to it. A blue button labeled 'Login to Kwentas Klaras' is at the bottom, with a blue circle labeled 5 next to it. Arrows point from the numbers 3 and 5 to their respective elements.

If you input a user that does not exist or input an incorrect password, this will display.

3. Forgot Password

The screenshot shows the 'Forgot Password?' form with the following elements and numbered steps:

- 1. Email Address input field (placeholder: 'Enter your email')
- 2. 'Send Verification Code' button
- 3. Verification Code input field (placeholder: 'Enter verification code')
- 4. New Password input field (placeholder: 'Enter new password')
- 5. Confirm Password input field (placeholder: 'Confirm new password')
- 6. 'Change Password' button
- 7. 'Back to login' link

1. Enter your **Email Address**
2. Click **Send Verification Code**
3. Enter the **Verification Code** sent to your email
4. Enter your **New Password**
5. Confirm your **New Password**
6. Click **Change Password**
7. Click **Back to login** to return to the login page

4. HOMEPAGE

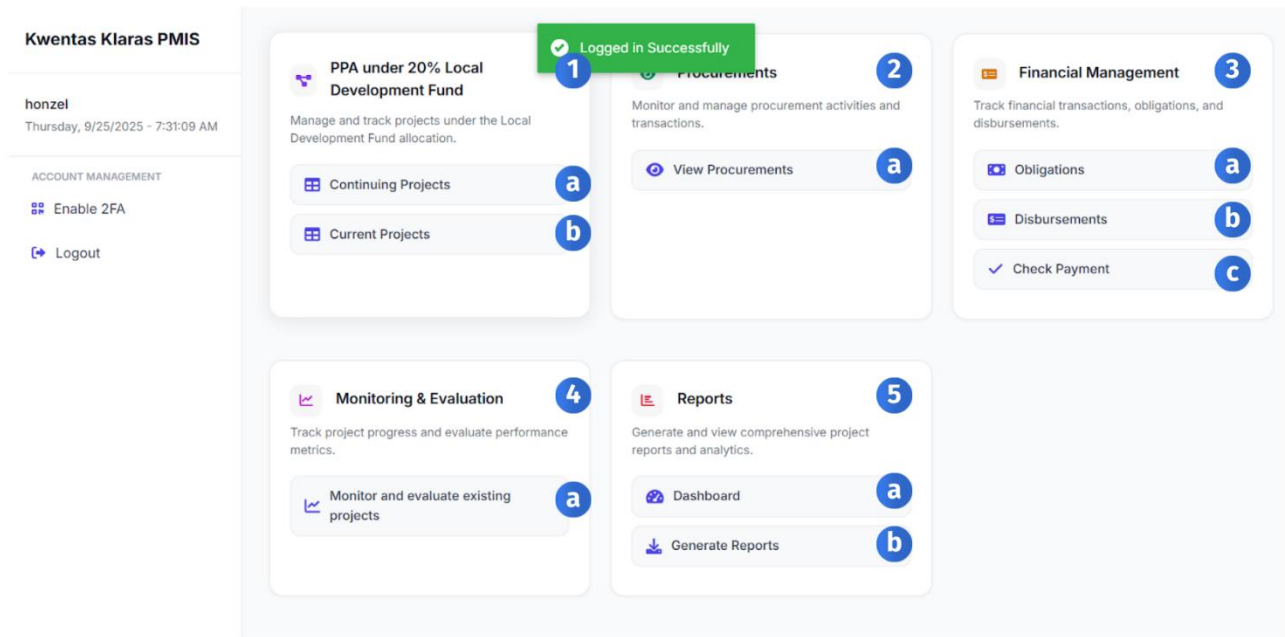

Account Management (Left Panel)

- **Enable 2FA** – Secure your account with two-factor authentication
- **Logout** – Sign out of the system

Main Modules (Center Panel)

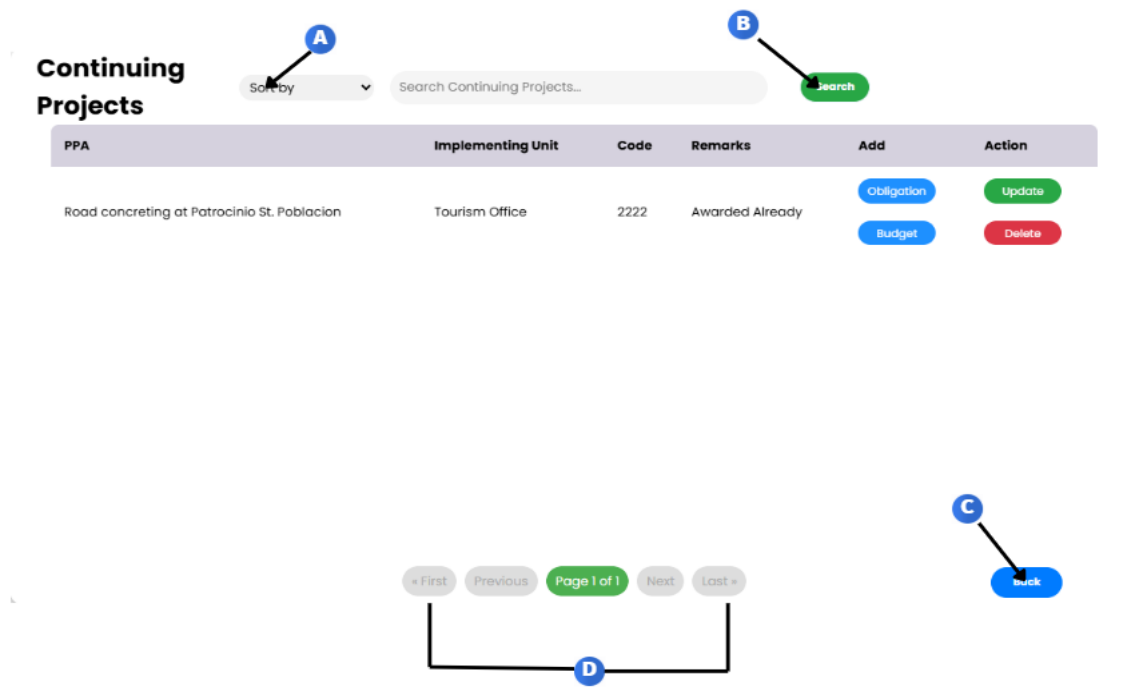

1. **PPA under 20% Local Development Fund**
 - a. **Continuing Projects** – View ongoing projects
 - b. **Current Projects** – Track active projects
2. **Procurements**
 - a. **View Procurements** – Monitor and manage procurement activities
3. **Financial Management**
 - a. **Obligations** – Track financial commitments
 - b. **Disbursements** – Monitor released funds
 - c. **Check Payment** – Verify payment status
4. **Monitoring & Evaluation**
 - a. **Monitor and evaluate existing projects** – Track progress and performance
5. **Reports**

- a. **Dashboard** – View summary of reports and analytics
- b. **Generate Reports** – Create detailed project reports

5. Continuing Projects

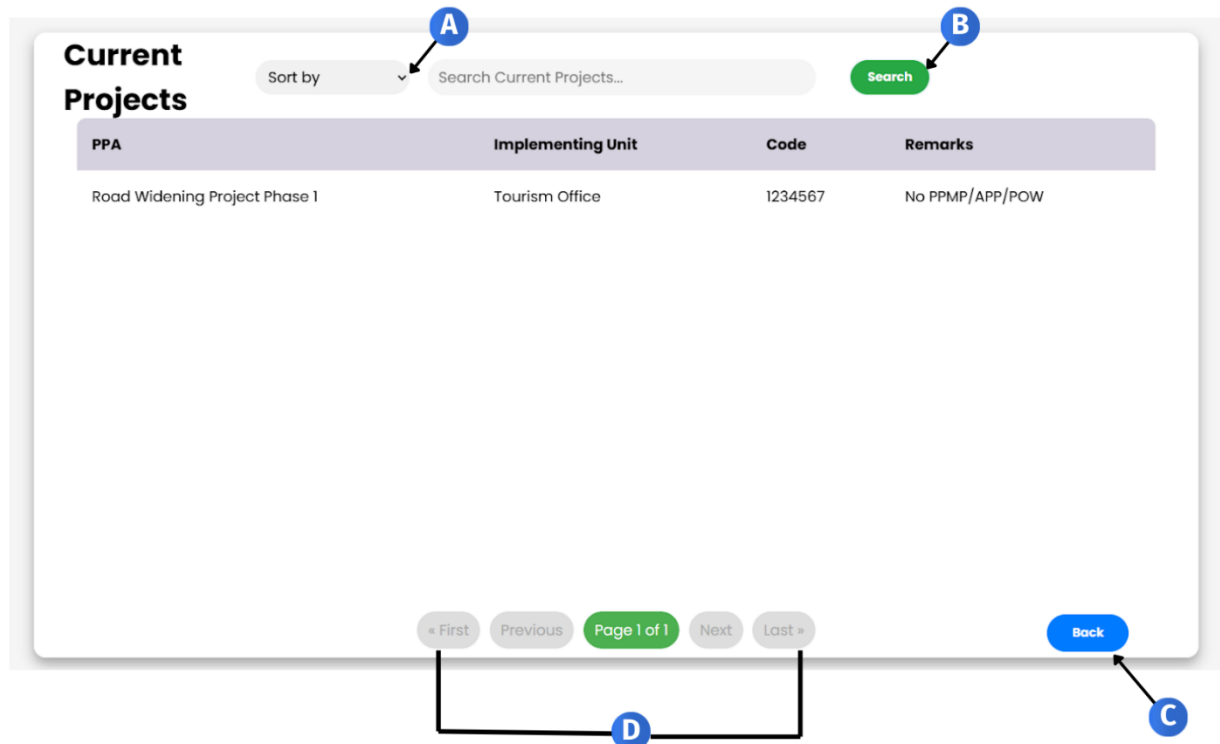

- The main screen displays a table of projects that are currently ongoing.
- The table includes the following columns:
 - PPA: The name of the project.
 - Implementing Unit: The department or office responsible for the project.
 - Code: A unique identifier for the project.
 - Remarks: A status or comment about the project.
- If no projects are available → Message “**No projects found.**” will be shown
 - **A.** Sort by – Filter projects based on criteria
 - **B.** Search – Look up a specific project
 - **C.** Back – Return to the previous page
 - **D.** Use navigation buttons (First, Previous, Next, Last) if multiple pages exist

6. Current Projects

1. Viewing Current Projects

- The main screen displays a table of projects that are currently in progress.
- The table includes the following columns:
 - **PPA:** The name of the project.
 - **Implementing Unit:** The department or office responsible for the project.
 - **Code:** A unique identifier for the project.
 - **Remarks:** A status or comment about the project.
- The example shows a single project, "Road Widening Project Phase 1," with the remark "No PPMP/APP/POW," which likely indicates missing or incomplete documentation.
 - **A.** Sort by – Filter projects based on criteria
 - **B.** Search – Look up a specific project
 - **C.** Back – Return to the previous page
 - **D.** Use navigation buttons (First, Previous, Next, Last) if multiple pages exist

7. Procurements

The Procurements Page provides a list of all procurement-related projects handled by different implementing units. It is designed to give users quick access to project details and procurement compliance status.

Search Bar – Find projects by name, code, or unit.

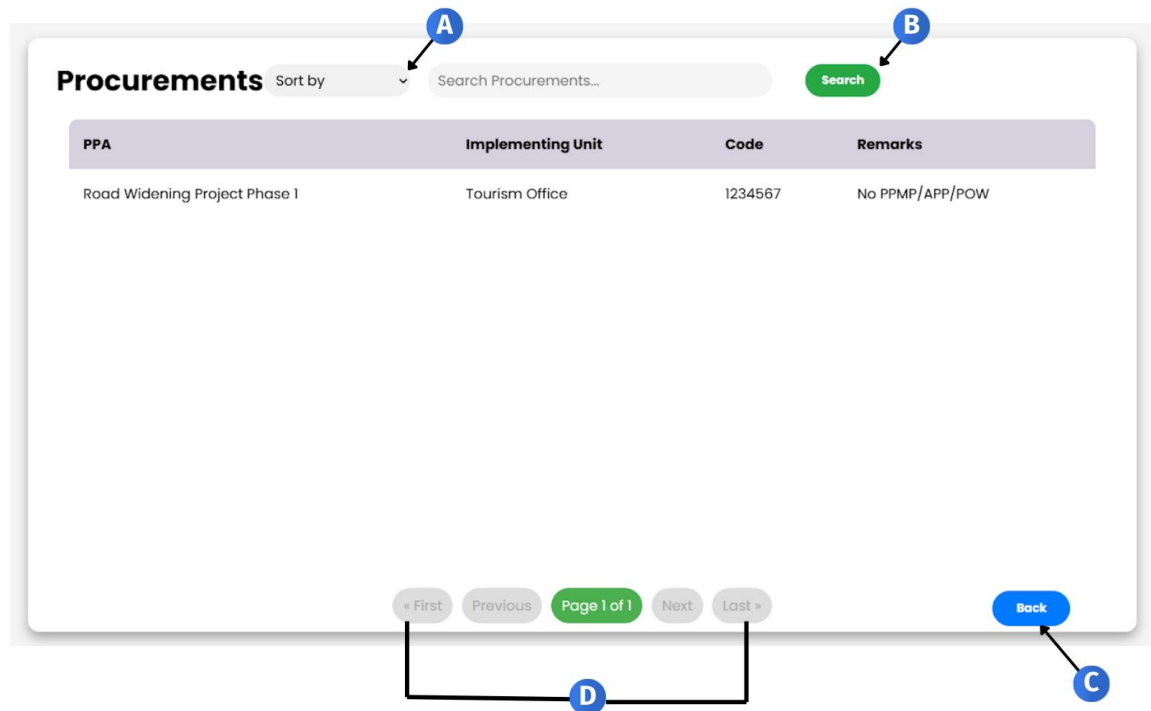

Sort Dropdown – Organize the list by your preference.

Table Columns:

- PPA – Project name
- Implementing Unit – Responsible office
- Code – Project ID/reference
- Remarks – Notes on compliance (e.g., missing PPMP/APP/POW)

If no projects are available → Message “**No projects found.**” will be shown

- A. Sort by – Filter projects based on criteria
- B. Search – Look up a specific project
- C. Back – Return to the previous page
- D. Use navigation buttons (First, Previous, Next, Last) if multiple pages exist

If we click a project we can see more detailed information about the specific project.

8. Obligation

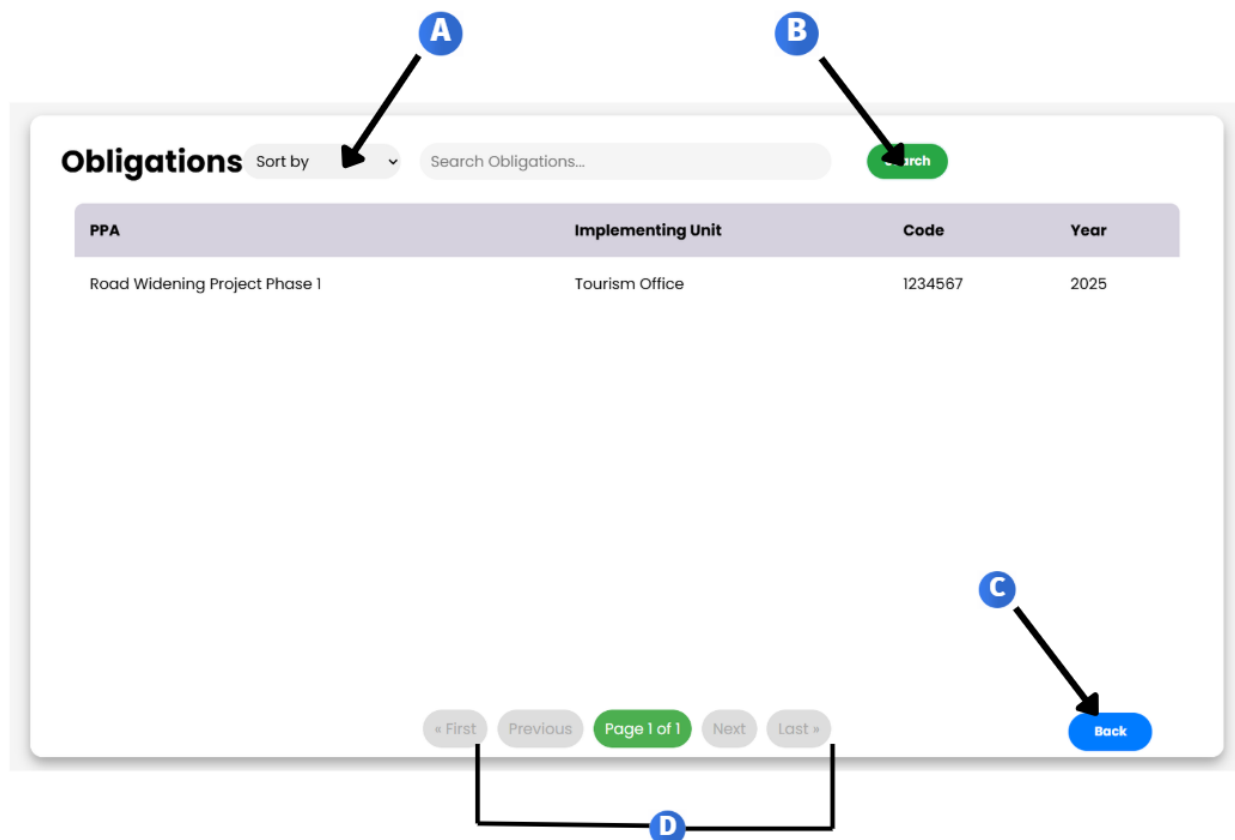

The **Obligations Page** shows projects with their obligated funds for tracking and accountability.

Features

- **Search Bar** – Find obligations by project name, code, or unit.
- **Sort Dropdown** – Organize the list for easier viewing.
- **Table Columns:**
 - **PPA** – Project name
 - **Implementing Unit** – Responsible office
 - **Code** – Unique project reference number
 - **Year** – Year of obligation

Navigation

- **A. Sort by** – Filter projects based on criteria
- **B. Search** – Look up a specific project
- **C. Back** – Return to the previous page
- **D. Use navigation buttons** (First, Previous, Next, Last) if multiple pages exist

9. Disbursements

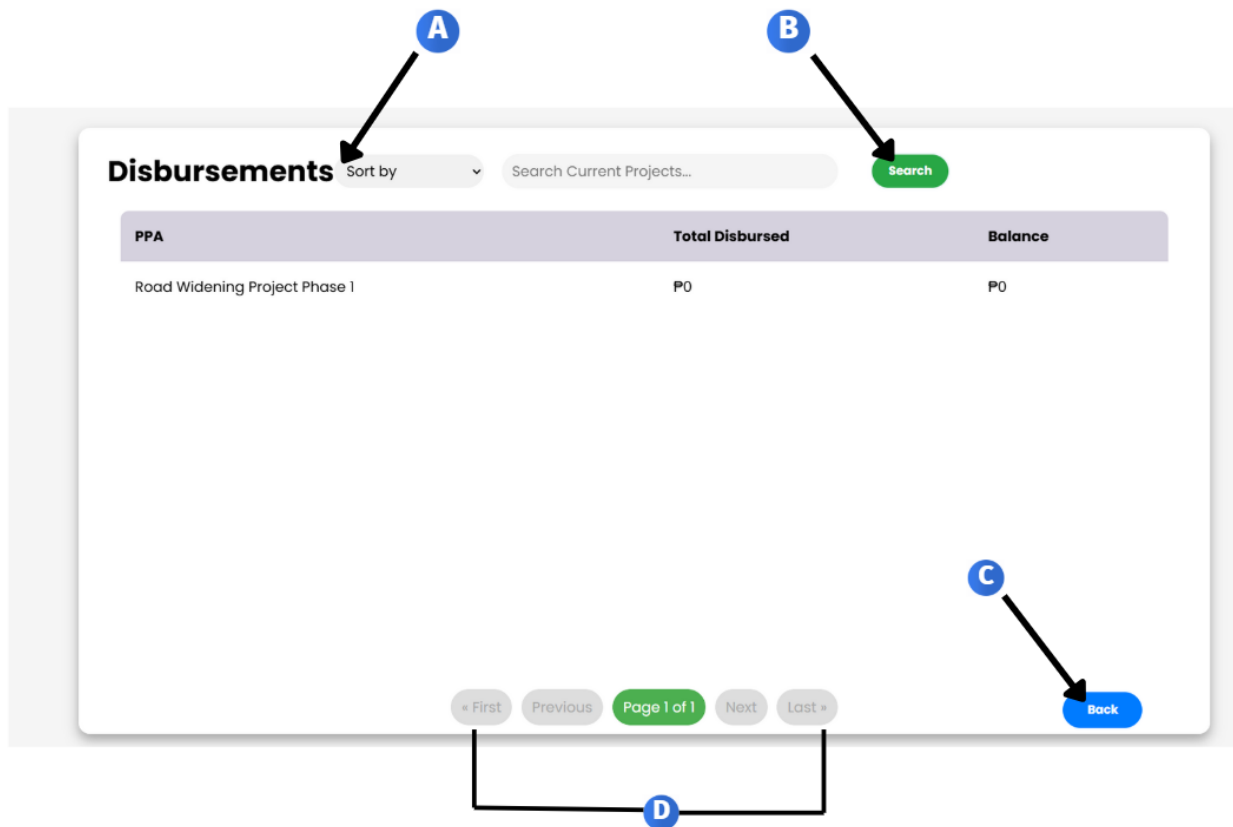

The Disbursements Page displays the amount released for each project and its remaining balance.

Features

- Search Bar – Find disbursement records by project name.
- Sort Dropdown – Organize results for easier review.
- Table Columns:
 - PPA – Project name
 - Total Disbursed – Amount already released
 - Balance – Remaining funds

If no projects are available → Message “**No projects found.**” will be shown

- A. Sort by – Filter projects based on criteria
- B. Search – Look up a specific project
- C. Back – Return to the previous page
- D. Use navigation buttons (First, Previous, Next, Last) if multiple pages exist

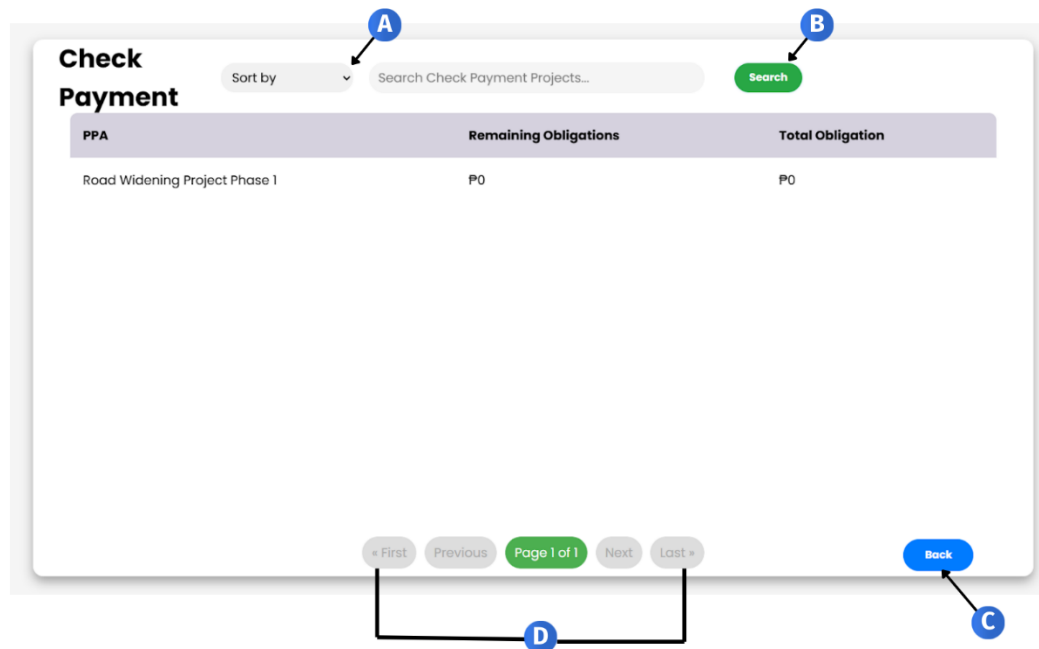

10. Check Payment

Page Components

- Sort by Dropdown – Arrange projects based on selected criteria.
- Search Bar – Enter keywords to find specific projects.
- PPA Column – Lists the project name (e.g., *Road Widening Project Phase 1*).
- Remaining Obligations – Shows unpaid balance.
- Total Obligation – Shows the full project obligation amount.
- Pagination Controls – Navigate between pages of project records.
- Back Button – Return to the previous page.

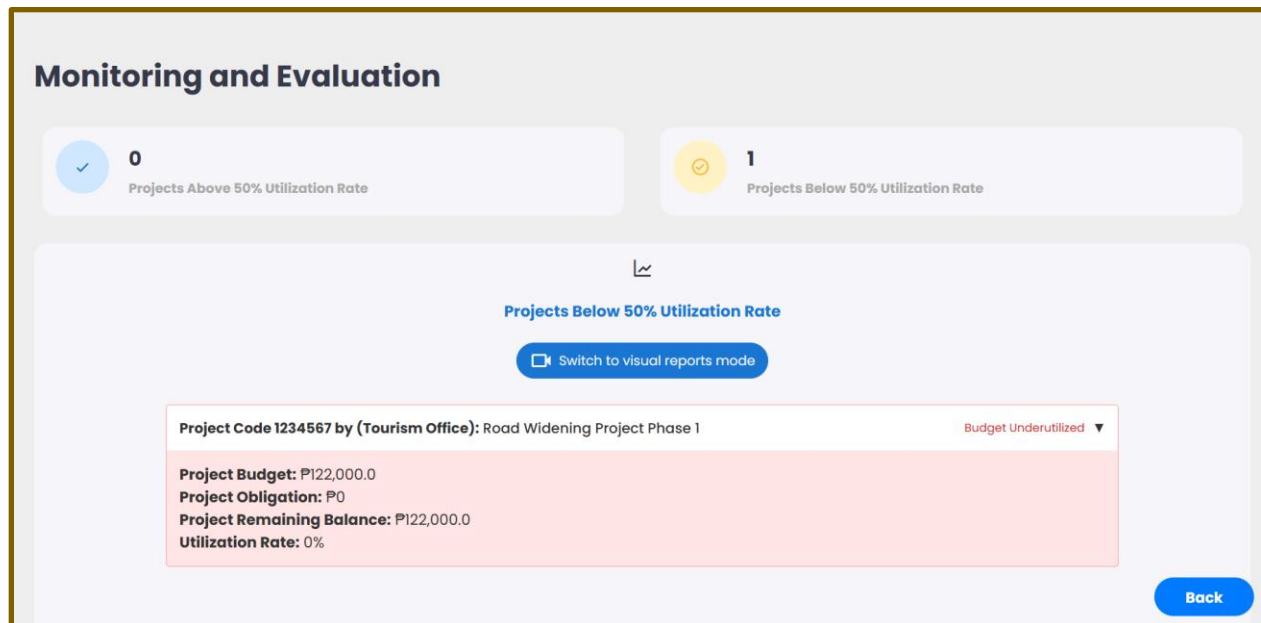

How to Use

- Use Sort by to organize the list.
- Use the Search bar to locate a specific project.
- Click Back to return to the main menu.
- Review Remaining Obligations and Total Obligation for each project.

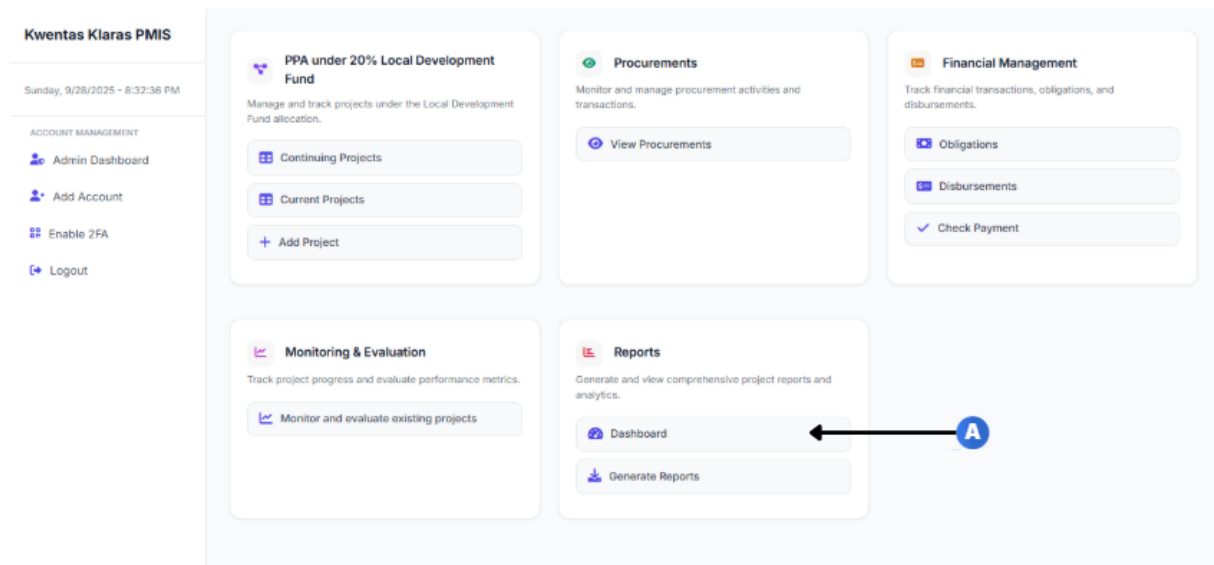

13. Monitoring and Evaluation

- **Utilization Rate Summary:** At the top of the screen, you'll see a quick summary:
 - **Projects Above 50% Utilization Rate:** This box shows the number of projects that have used more than half of their budget.
 - **Projects Below 50% Utilization Rate:** This box highlights projects that have used less than half of their budget, potentially indicating a slow start or underutilization.
- **Detailed Project View:** The main section below the summary shows a detailed view for specific projects, such as "Road Widening Project Phase 1."
 - You can see key financial details including **Project Budget**, **Project Obligation**, **Project Remaining Balance**, and the **Utilization Rate**.
 - The red box around the project details highlights a potential issue, with the "budget underutilized" tag indicating that the project is not spending funds at an expected rate.
- **Visual Reports Mode:** You can switch between a simple data view and a visual one by clicking the "**Switch to visual reports mode**" button. This likely shows charts or graphs for a more intuitive understanding of the data.
- **Navigation:** Click the blue **Back** button to return to the previous screen.

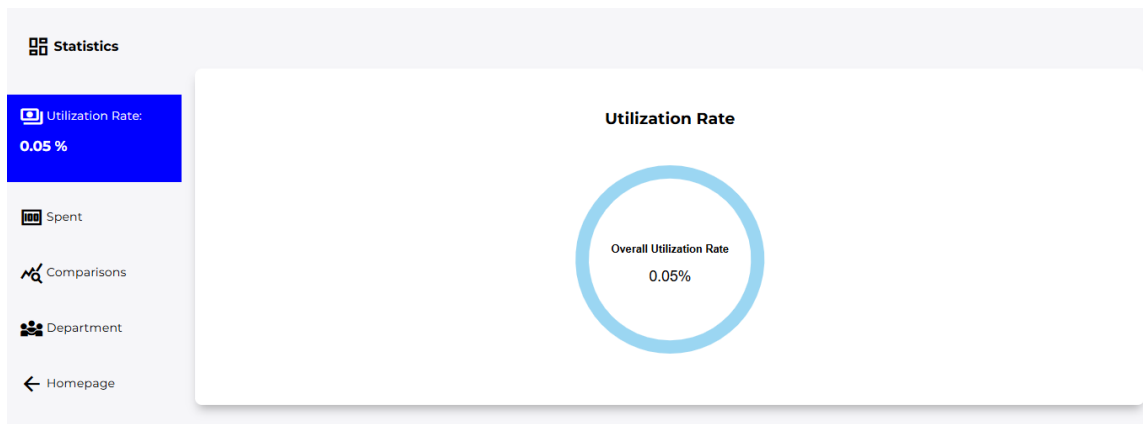

14. Dashboard

A. To Open Dashboard , click “Dashboard” in the Homepage.

After opening dashboard, it will look like this:

A. To show the Utilization Rate, Click “**Utilization Rate**”

Utilization Rate Display

- **Overall Utilization Rate** – Shown inside a circular chart/indicator.
- The percentage reflects the actual progress or spending utilization across projects.

B. To Displays project spending over months, click “Spent”

Spent Page Content

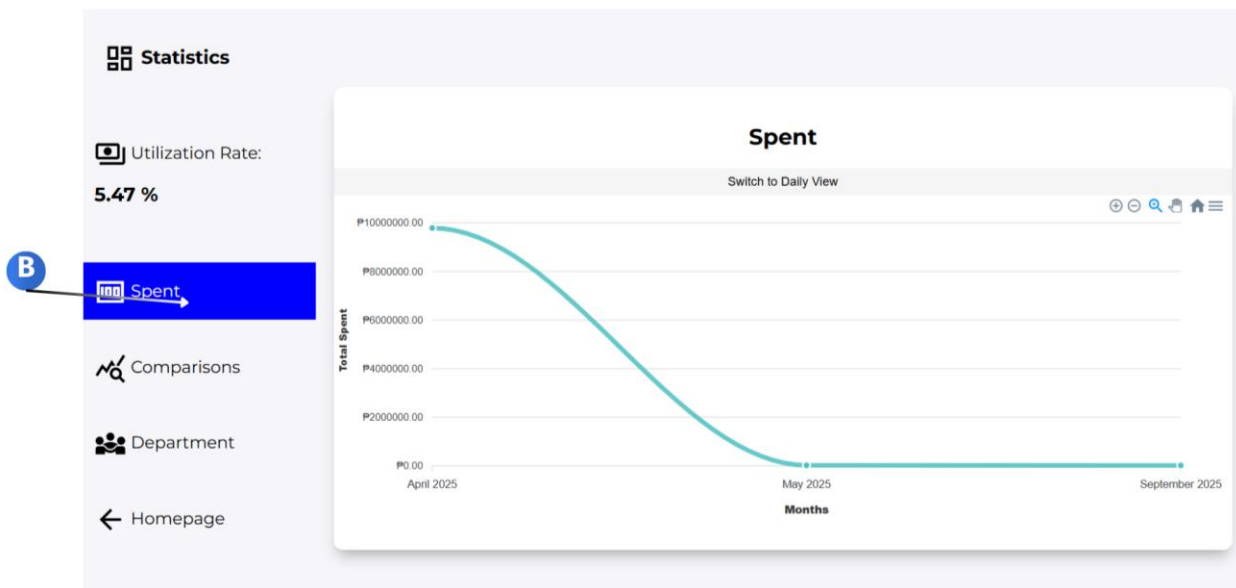

- **Graph/Table View** – Displays project spending over months.
- **Switch to Daily View** – Toggle between monthly and daily breakdown of spending.

Y-Axis (Vertical)

- Shows amount spent in Philippine Peso (₱).

X-Axis (Horizontal)

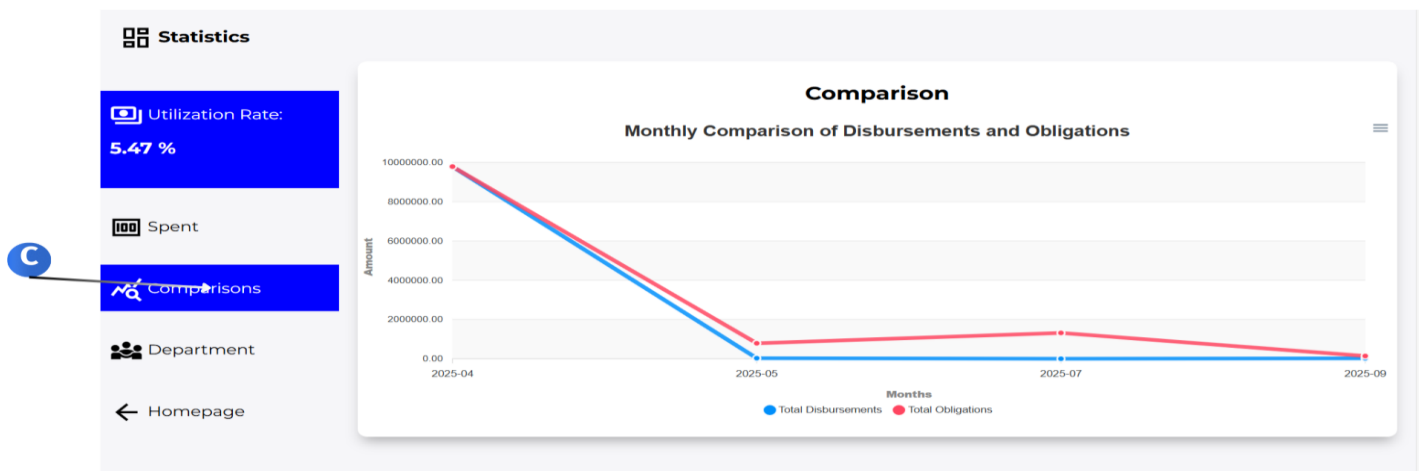

- Shows timeline in **Months**

C. To show the primary display area shows the Monthly Comparison of Disbursements and Obligations. Click “Comparisons”.

This page is designed to help you analyze and compare financial data over time. The main graph visualizes two key metrics: **Disbursements** and **Obligations**.

- **Graph/Table View** – The primary display area shows the "**Monthly Comparison of Disbursements and Obligations**."
- **Y-Axis (Vertical)** – Displays the **Amount** of money in a financial unit. This represents the total value for each data point.
- **X-Axis (Horizontal)** – Represents the **timeline** in months, allowing for a clear visual comparison of how each metric changes over the year.

D. To show the percentage of resource utilization per department, click "**Department**".

- Y-Axis: Utilization Rate (%)
- X-Axis: Departments (e.g., Tourism Office)
- Bars/Points: Represent each department's utilization rate
- Menu (top-right): Export or adjust chart view (if enabled)

Usage

4. Check the bar height to see a department's utilization rate.
5. Compare departments to identify high or low utilization.
6. Use the menu to export/download the chart if needed.

E. To go back to the homepage, click “Homepage”.
